

REPUBLICANS GAIN IN SUPREME COURT

Return Their Sitting
Judges and Elect Warren
W. Duncan of Marion

THREE ARE RE-ELECTED

Election Ends Democratic Ma-
jority Which Came In Febru-
ary For First Time In Years

COOKE AND CRAIG HOLDOVERS

CHICAGO, June 7.—Republicans gained a majority in the supreme court of the state in today's election returning their sitting judges and electing Warren W. Duncan of Marion from the first district in place of Albert Watson, Democrat. The election of William M. Farmer, Democrat of Vandalia was conceded. Three Republicans, Orrin N. Carter, Chicago, seventh district; Frank H. Dunn, third district and James H. Cartwright, sixth district were re-elected. The election ended the Democratic majority in the court which came last February for the first time in years, when Governor Dunne appointed Watson to fill the vacancy caused by the death of Alonzo K. Vickers in the first district.

The court now stands:
1. Warren W. Duncan, Republican.
2. William M. Farmer, Democrat.
3. Frank H. Dunn, Republican.
4. George A. Cooke, Democrat.
5. Charles C. Craig, Democrat.
6. Orrin N. Carter, Republican.
7. James H. Cartwright, Republican.

Justices Cooke and Craig are holdovers. **Concede Farmer's Election.** East St. Louis, Ill., June 7.—Opponents of Judge William M. Farmer, Democrat, of Vandalia, at an early hour tonight conceded his reelection to the Illinois supreme court from the second judicial district. His majority is estimated at between 6,000 and 10,000. W. F. Bundy of Centerville was the Republican candidate defeated by Farmer. Incomplete returns indicated that Judge Farmer had carried all counties in the second district with the exception of Bond, Scott and possibly Marion. Although Madison county normally is Republican by a majority of about 3,000, Farmer carried it by about 1,000.

The complete vote in Christian county was 2,359 for Farmer and 1,141 for Bundy. Farmer carried Shelby county by 1,400. Bond county gave Bundy 325 majority. Farmer carried Pike county by 700, Jasper county by 235 and Effingham county by about 700.

Reduce Dunn's Majority. Decatur, Ill., June 7.—Early returns indicate the re-election of F. K. Dunn for supreme court justice, third district, by greatly reduced majority. Macon county which gave him 716 plurality in 1907 gave Fitzhenry 172 majority today. Other counties heard from so far give pluralities as follows:

For Dunn: Champaign, 958; Platt, 499; Ford, 1015. For Fitzhenry: Moultrie, 32. For H. Boggs, Republican of Champaign; W. K. Whitfield, Democrat of Decatur, and George E. Sentel, Republican of Sullivan were today elected circuit court judges for the sixth judicial district. The two first mentioned had large pluralities, Sentel winning over J. S. Baldwin of Decatur for the third place by 349 votes in the district comprising Macon, Moultrie, DeWitt, Champaign, Platt and Douglas counties. Boggs and Whitfield are re-elected, Sentel succeeding Judge W. G. Cochran of Sullivan who refused to seek re-election.

Fourteen out of sixteen counties which in 1907 gave Dunn majority of 6,827, give him in today's election a majority of 3,075. Returns are incomplete from several of these counties but there will not be enough change to affect the result.

Gives Dunn Majority. Bloomington, Ill., June 7.—The complete vote in Ford county for justice of the supreme court, third district, gives Dunn, Republican, 1542; Fitzhenry, Democrat, 527.

Farmer Carries Montgomery. Springfield, Ill., June 7.—Farmer carried Montgomery county by 1,220 over Bundy.

Vermillion Vote Close. Danville, Ill., June 7.—Vermillion county total vote gives Fitzhenry 4,526 and Dunn, 4,271 for supreme court justice, third district.

Dunn Has 700 Majority. Bloomington, June 7.—Incomplete returns from Ironquois county indicate a majority for Dunn, Republican, over Fitzhenry, Democrat, in the third district, for supreme judge.

Macoupin Favors Farmer. Springfield, Ill., June 7.—Macoupin county gives Farmer a majority of 1,560 over Bundy.

HOUSE WILL CONSIDER HOME RULE BILL TODAY

MAYOR THOMPSON AND MEMBERS
OF COUNCIL TO URGE PASSAGE

Measure, if Successful, Will be Rushed Over to Senate—Indications Are that the Bill May be Defeated by Downstate Members.

Springfield, Ill., June 7.—Mayor William Hale Thompson and some thirty or forty members of the Chicago city council expect to come to Springfield again tomorrow to urge the legislature to pass the bill giving Chicago home rule in the handling of its public utilities. The public utilities home rule bill will come up for final consideration in the house tomorrow and if its successful there will be rushed over to the senate.

Indications are that the home rule bill may be defeated in the house. Downstate members expect to make a strenuous fight on it because it does not provide for home rule for down state cities. The bill was amended by the house to include down state cities. However, Governor Dunne intimated that he would veto the bill if passed in that form and the amendment was withdrawn.

Organized labor will make another attempt Wednesday to call up the McGoon fifty car limit bill and Thursday the labor people will call up the anti-injunction bill. Governor Dunne expects to sign and make a law of the waterway bill tomorrow.

No session of the legislature was held today on account of the judicial elections throughout the state. Both houses will meet at 10 o'clock tomorrow morning.

DELEGATES TO PAN-AMERICAN CONFERENCE VISIT CHICAGO

Take Automobile Trip Through
Parks and Over Boulevards—Will
Inspect Stock Yards and Packing
Plants Today.

Chicago, June 7.—Delegates to the recent Pan-American financial conference visited Chicago today. They were received by Mayor Thompson, were taken on an automobile trip of more than fifty miles through Chicago's parks and over some of her finest boulevards, were luncheon guests of the Pan-American consular association of the city and tonight were the guests of the Chicago Association of Commerce.

Although the automobile trip was taken in a heavy rain virtually all the delegates went along. A squad of policemen on motorcycles kept the way clear. Governor Dunne came up from Springfield at the request of Secretary of State Bryan and was one of the guests at the dinner tonight. Mayor Thompson, Assistant Secretary Peters of the treasury department, representing the United States government, and Dr. Santiago Perez Triana, delegate from the Republic of Columbia, were among the speakers.

Tomorrow the delegates will inspect the Chicago stock yards and several of the big packing plants.

FIRE DESTROYS HILL HOME ON EAST CHAMBERS STREET

The fire department was called to the residence at 636 East Chambers street occupied by Roy Hill at 10:20 o'clock Monday night. Fire had started in the second floor of the house and the flames had gained great headway before the department reached the station. The house was practically destroyed. Mr. Hill and his family were not at home and the neighbors got most of the furniture out of the lower part of the house. All of that in the second story was destroyed.

The property is owned by the Ralph Reynolds estate. It is not known whether there was any insurance carried by the estate on the house or by Mr. Hill on his household goods.

Chief Hunt said that it was not known how the fire started.

remo judge, third district, Dunn, (Rep.) 2023; Fitzhenry, (Dem.) 1694.

Dunn Carries Sangamon. Springfield, Ill., June 7.—With one precinct missing Judge Dunn carried Sangamon county by 250 votes. George E. Keys of this city, chairman of the Republican central committee of the third supreme district issued a statement after a conversation with Judge Dunn over the long distance telephone, that the latter is elected by 3,500.

Cartwright Gets Majority. Aurora, Ill., June 7.—Late returns give James H. Cartwright, Republican, an estimated majority of 6,975 for re-election as judge of the supreme court in the sixth district.

Tazewell Favors Fitzhenry. Bloomington, Ill., June 7.—Tazewell county for supreme judge in third district, gave Dunn (Rep.) 917; Fitzhenry, (Dem.) 1602.

Danville Favors Fitzhenry. Danville, Ill., June 7.—Danville city gives Dunn 1613 and Fitzhenry 2535 for justice of supreme court.

Fitzhenry Carries McLean. Bloomington, Ill., June 7.—The total vote in McLean county on supreme judge, third district is Dunn, Republican, 3704; Fitzhenry, Democrat, 4433.

TO ASK CARRANZA FOR CONFERENCE

Villa Wishes to Consider
Wilson's Suggestions
With Constitutionalist

TO REPLY TO WILSON

Northern Chief Orders Secre-
taries to Aguas Calientes to
Draft Answer to President

EXECUTE THREE GENERALS

EL PASO, Tex., June 7.—General Francisco Villa has decided to ask General Venustiano Carranza to agree to a neutral territory for a conference to consider the suggestions contained in President Wilson's note according to a telegram received here today from Colonel Enrique Perez Ruiz, private secretary to Villa. The telegram was dated Aguas Calientes.

General Villa ordered his secretaries to come from Chihuahua to Aguas Calientes to draft the note to Carranza says Col Ruiz, and also the reply he will send to President Wilson. Villa's ministers reached Aguas Calientes today.

Rul's statement relates that Villa intended to invite Carranza to agree to a truce "to prevent further sacrifice in the republic which might produce intervention; that when Villa, in keeping with this suggestion, ordered his troops to retire, General Obregon started in pursuit bringing on a battle on the station of Leon. This obliged our forces which came from Silao, commanded by General Villa to vigorously attack the enemy dispersing them after inflicting heavy losses."

The Villa forces have retreated to Lagos, state of Guanajuato, 38 miles north of Leon, according to the Rul statement, "without the loss of many men or any war materials."

It also claims that Villa retains quantities of military equipment captured in the battle in Silao last week and has ordered some brigades south to recapture Leon and continue the campaign.

Rul declares in the fighting at Silao, the Villa forces captured a train containing powder and apparatus for manufacturing ammunition, that this train was burned to prevent its recapture by Obregon.

Execute Three Generals. Brownsville, Texas, June 7.—Three Mexican generals and ten other Mexicans, connected previously with the army of General Eulalio Gutierrez, have been executed by Indians composing part of the Carranza army under General E. P. Nafarrete, according to Carranza's advice made public in Matamoros tonight.

Carranza officials said the party was being sent by Gutierrez to the United States with a million and a half pesos which was to be used in organizing another revolution in Mexico. They were captured last week near Aldamas, Nuevo Leon. It was said, and promptly executed. The generals executed, were, according to the statements, Eusebio Aguirre Benavides, Julian Delgado and Guillermo Moran.

DEPARTMENT OF JUSTICE AGENTS SEEKING TO LOCATE KNOX BOOTH

Former Internal Revenue Agent Is
Wanted in Connection With Al-
leged Whiskey Tax Frauds.

Washington, June 7.—Department of justice agents are seeking to locate Knox Booth, formerly internal revenue agent for the Alabama-Tennessee district, for whom a warrant has been issued in connection with alleged whiskey tax frauds through which the government is said to have lost about \$100,000.

The warrant for Booth was issued after the arrest of John L. Caspar, a Fort Smith, Ark., distiller, and was based on correspondence between Caspar and Booth. The latter disappeared two weeks ago.

Guy L. Hartman, an associate of Caspar, and about a dozen other persons had been arrested at Fort Smith previously in connection with the case. The frauds charged involve the evasion of tax on distilled spirits through collusion between distillers and lesser government officials and are similar to numerous cases which treasury officials have uncovered and dealt with in the past month.

SIGN TRI-PARTITE TREATY.

London, June 7.—A Reuter despatch from Petrograd says that the special envoys of Russia, China and Mongolia signed today at Khabkha, Siberia, the Tripartite treaty regarding the autonomy of outer Mongolia. This treaty was agreed upon after a conference that had lasted for nearly a year. By the terms of the agreement China will retain a nominal suzerainty over Mongolia, but neither China nor Russia will interfere with the administration of Mongolia's internal affairs.

War News Summarized

Violent engagements are in progress in the western zone around Arras, Neuville St. Vaast to the north of the Aisne and on several other sectors, with gains of positions and trenches by the allied forces, according to the announcement of the French war office, while in the eastern theater the Teutons are still driving the Russians before them, notably in Galicia.

Unofficial advices from Berlin are to the effect that in north-western Russia, the Russian offensive has shifted to a weak defensive and that the Germans are making headway day by day which is only overshadowed by their Galician gains.

To the north of the Aisne, two thousand Germans have been killed in an endeavor to retake from the French two lines of trenches which were captured Sunday.

Heavy casualties were suffered by the Germans, according to Paris, southeast of Hebuterne.

Progress also is reported for the allies between Soissons and Rheims and in Champagne. The French report mentions the use by their troops of a flaming liquid, which was sprayed on the German trenches "by way of reprisal."

Since June 1st, in the vicinity of Przemyśl, the Austrians claim that in their advances they have captured more than 30,000 Russian prisoners. The Italians, according to Vienna, seem to be pushing forward with strong forces against the Isonzo river. In this southern theatre the Austrians declare their troops have been successful in several minor engagements.

The British in Africa have driven out with heavy casualties the Germans from Sphinxhaven on Lake Nyassa and sunk in the lake the German armed merchantman Hermann Von Wissman.

JONES LEADST ICKET IN JUDICIAL ELECTION

RECEIVES HIGHEST VOTE IN
MORGAN COUNTY.

Carrollton Man Receives 689 Votes
Against 667 for Creighton, his
Nearest Opponent—Tabulation of
Figures from the Thirty-one Pre-
cincts.

The result of the election for judges of the circuit court of the seventh district held Tuesday in Morgan county resulted in the election of Judge Norman L. Jones of Carrollton who received 689 votes against 667 and Frank W. Burton of Carlinville, 638. Jones carried 14 out of the 31 precincts, Creighton 8 and the two tied in 9 precincts.

There was very little interest in the election as there was no opposition to the three. For this reason the vote was extremely light, as the following tabulation from the thirty one precincts will show:

NOTE TO GERMANY HAS NOT YET GONE

Wilson Lets It Be Known
Document Has Been Pre-
pared With Expedition

OFFICERS MAKE CHANGES

Communication May Require
Further Consideration By Presi-
dent and Cabinet Today

INVOLVES SERIOUS QUESTIONS

WASHINGTON, June 7.—President Wilson let it be known today that the note which the United States is to send to Germany with respect to submarine warfare had been prepared with the utmost expedition and had not been subjected to an hour's unnecessary delay since it was first drafted.

The president's desire to have the document state explicitly the position of the United States government so that it cannot possibly be misunderstood abroad or invite protracted discussion on the fundamental issues involved is chiefly responsible for the fact that the note has not yet gone.

Legal Officers Examine Note. Legal officers of the government examined the note with minute care today and sent it back to the president with some changes. It may require further consideration by the president and his cabinet tomorrow and high officials did not know tonight just when it would be cabled on the high seas.

Questions of such serious moment are involved in the wording of the new note that the president is anxious that the communication shall not only meet his own wishes but should be unimpeachable from the point of view of the experts in international law.

When the president has been at work on the document, special agents of the United States government have by their investigation corroborated in every detail the statement made in the first American note, that the Lusitania was unarmed. At the same time Minister Gerhard, personal envoy of Count Von Bernstorff, the German ambassador, has been conveying nearer to Germany carrying messages from the German embassy concerning the American point of view on submarine warfare. The latter circumstance was declared to have no coincidence with the progress of the note.

Officials familiar with the situation dissipated the notion that any influence had been made in connection with the sending of the note.

Will Place Issue Squarely. When the document is finally made public these stated. It would not only satisfy American public opinion but would place squarely before Germany the issue as to whether the Imperial government intends to adhere to the hitherto accepted principles of international law on maritime warfare.

The president has been displeased by the numerous detailed accounts that have been published of what the note would contain when he himself had not yet settled finally on its contents. He is anxious that misconceptions of the position of the United States shall not be cabled abroad and that the American people shall suspend judgment until they read the text of the document.

In diplomatic quarters the despatch of the note is awaited with intense interest. Dr. Constantin Dumba, the Austrian ambassador leaves tomorrow for Lenox Mass. for the summer. Count Von Bernstorff will wait for the sending of the note before going to summer quarters of the embassy at Cedarhurst, L. I.

Hopes of Friendly Adjustment.

To what extent the German viewpoint regarding the situation between the United States and Germany is the same as that held at Berlin is not clear. But certainly the general view in German quarters here is that the recent trend of events gives hopes of a friendly adjustment. This is based not alone on the probable course of the German side of the negotiations but also the American course, which is regarded as developing along lines which will permit of a satisfactory conclusion. The most promising formula for a solution, according to the German viewpoint is one which would combine an agreement on the status of the Lusitania as an armed or unarmed ship and also a general agreement guaranteeing immunity from attack hereafter to all unarmed ships carrying passengers.

As to the Lusitania the German position thus far has been that she was an armed ship according to the information in their possession. But when the United States government states definitely that its official information shows the ship was unarmed, then it is suggested that the Berlin authorities will be in a position to accept this positive assurance from a friendly government notwithstanding any report to the contrary.

Might Lead to Question of Peace. The recent Von Jagow note, it is pointed out, was predicted on the

PARTY LINES ARE NOT CLOSELY DRAWN

TICKETS ARE SCRATCHED FREELY IN
COOK COUNTY ELECTION

The Seven New Judges to Bring
Bench Up to Numerical Strength
Provided by Last Legislature Are
Taken From Republican Can-
didates.

Chicago, June 7.—Party lines were not closely drawn in the judicial election in Cook county (Chicago) today. Two superior court judges and twenty circuit judges were chosen. Returns were belated but the Republicans apparently elected the two judges for the superior court and 14 of the other jurists. Tickets were scratched freely and six of the seven Democratic judges were apparently re-elected. All thirteen of the sitting circuit court judges, seven Democrats and six Republicans, who ran for re-election today were indicated as victors by returns from 228 out of 1,766 precincts. The seven judges to bring the bench up to the numerical strength provided by the last legislature all were taken from the Republican candidates. The candidates whom the early count indicated had been victorious were, with two exceptions, from a non-partisan list selected by the Chicago bar association.

According to disagreeable weather a light vote was cast. The presence of more than two score candidates and half a dozen bond propositions on the ballots made the count unusually slow. Charles M. Thompson, Progressive candidate for the nomination for mayor at the last primaries, was among the victors on the Republican ticket, receiving the support of both Republican and Progressive voters.

Orrin N. Carter, Republican supreme court judge, was re-elected without Democratic opposition. Judge Theodore Brentano easily defeated his Socialist opponent for the superior court bench.

John W. Beckwith, Democratic candidate who had the endorsement of the bar association for the superior judgeship, lead Robert Turney, his Republican opponent.

Judges Are Re-elected. Quincy, Ill., June 7.—Judges Albert Ames of Quincy, Harry Higbee of Pike county and Guy Williams of Havana were re-elected today to the circuit court bench in the eighth judicial district over E. H. Golden of Petersburg, by comfortable majorities.

Golden carried Menard, his own county, by a majority of 350 votes. The Democratic candidates each received approximately 8,000 votes with Calhoun county still to be heard from.

Eleventh Circuit Elects. Bloomington, Ill., June 7.—G. W. Patton of Pontiac, T. M. Harris, of Lincoln and Sain Welty of Bloomington, all Republicans were elected judges of the 11th judicial circuit today. Patton and Harris were re-elected, while Welty was chosen to succeed Judge C. D. Meyers of Bloomington, who declined renomination.

Re-elected Republican Jurists. Canton, Ill., June 7.—Fulton county today re-elected Republican circuit judges G. W. Thompson, Galesburg, H. M. Waggoner, Macomb and R. J. Grier of Monmouth. The defeated Democrats were H. W. Gallagher, Canton, W. C. Ivins, Stronghart and J. C. Lawyer of Macomb.

Republicans Carry Knox. Galesburg, Ill., June 7.—George S. Thompson, Robert J. Grier and Harry M. Waggoner, Republicans, carried Knox county in the ninth judicial circuit by 2,000 votes today. George S. Bower, republican, was elected corner.

Elect Democrats. Peoria, Ill., June 7.—Judge T. N. Green, John Niehaus and Judge C. E. Stone, were elected circuit court judges in the tenth judicial district today. All are Democrats.

RETURNS HOME.

Miss Clara C. Moore returned Monday forenoon, from Sherman, Texas, where she has passed the school year teaching violin. Miss E. Ansline Moore left Wednesday afternoon for Indianapolis, Miss. where she will visit the W. W. Moores.

Mr. and Mrs. R. H. Malcomson of Clayton are in the city to attend the Commencement exercises of Illinois College. Mr. Malcomson is a graduate of Illinois.

Along Western Front

BRITISH BRING DOWN ZEPPELIN

LONDON, June 7.—If the Germans have transferred troops from the east to the west as reported they have held sufficient men on the eastern front to continue without relaxation the offensive that has carried them and the Austrians almost across Galicia.

Teutons Batter Way Eastward

The forces which pinched Przemyśl into surrender are battering their way eastward and, according to both the German and Austrian official communications, are at one point in the southeast hardly more than sixty miles from the Russian frontier. The troops which swept through Stry have continued further east until they are 30 miles beyond that town and equally beyond Lemberg, the position of which appears perilous.

Further north they are eighteen miles to the east of Przemyśl. So that, roughly speaking, the encircling movement on Lemberg is duplicating that of Przemyśl.

Contrary to general belief, the zinc output of this country is now vastly more valuable than the gold mined. On account of the war or from some cause related to it, zinc metal and zinc ore are now quoted at the highest price ever recorded in this country and have practically doubled in value in a comparatively short time. Zinc is now quoted at \$500 a ton and zinc ore at \$112. On this basis it is estimated that the production of zinc for the year will amount to \$200,000,000, which is nearly three times the value of the gold produced.

With all the sad stories of the war in Europe, there occasionally drifts through the story of some incident which has its amusing side. A British gunner who recently wrote to an American friend certainly gave evidence of his human side. He wrote that not long since when the troop with which he is serving was on French territory, that as they passed through one town a very beautiful Belgian girl rushed up to him, threw her arms around his neck and kissed him. The Briton said that he immediately felt that he could lick a whole horde of Germans and Austrians, but that a little later when her father also rushed up and kissed him on both cheeks that he felt entirely different about the matter and was mad enough to kill that Belgian.

In Missouri following a custom of some years standing, June 15 is to be observed as road day. On that date according to the proclamation of the governor, it is the expectation that a vast amount of road improvement work will be done all over the state. People as a rule have been accustomed to look upon road days observed in various states as giving a great impetus to road betterment. But the St. Louis Globe-Democrat seems to take a somewhat pessimistic view of the matter and says that road day really furnishes merely an opportunity for a lot of parade and gives prominence simply to the spectacle. The Globe says that what is needed in Missouri is more organized work for good roads and a developed public sentiment which will last through more than one day.

Responsibility for Life.
An incident in Philadelphia has just brought into public notice again the question of euthanasia—the right of a person to put an end to the suffering of a patient for whom there is no hope of recovery. In that city Miss Bertha Kreider, a mature woman who had been attending her aged mother in a hospital for a number of weeks, became so frantic at the continued suffering of her mother that she seized a towel saturated with chloroform and pressed it over the sick woman's face. Death ensued very soon afterward. The facts are that the patient could not possibly have lived more than a day or two, but under the law of Pennsylvania, and of other states for that matter, the daughter could be charged with murder in the first degree. It is not likely that criminal proceedings will be instituted in this case as the general explanation of the act was that Miss Kreider was temporarily unbalanced by her long vigil at the bedside of her mother. Incidentally there has come the discussion of the broad question which underlies the woman's act. While there are a great many cases no doubt wherein a physician could bring human lives to a close and thus save them a vast amount of suffering, it is not at all likely that euthanasia will ever be legalized. There are only a few physicians who would be willing to take such responsibility and for physicians not of the right moral standing such a law would open up vast possibilities of wrong doing.

Harmony Will Bring Best Results.
The meeting of the Board of Education Monday night started out with indications that the result would probably not be beneficial for the public school interests of Jacksonville, and, fortunate it was that events took such a turn that the session was finally marked by some spirit of harmony. At times there were sharp words, the two edged kind, and there were many statements tinged with satire and with irony. It looked for a time, that these acrimonious remarks would finally come to the climax of a general misunderstanding. But later on the lines of debate and discussion were generally softened and by common agreement no definite action was taken upon the petition presented and instead, there was the announcement that due consideration would be given the statements made in the petition and action reserved for a later date.

Furthermore a majority of the members of the board indicated a willingness to change a part of the things done at the meeting complained of if after further investigation such a course seemed best. While the persons responsible for the petition are doubtless actuated by the best of motives and thorough-

ly interested in the matters for which they are contesting, it could hardly be expected that the board would be willing, without any further consideration, to rescind in such important details the action taken at the former meeting. It would have been a mistake for the petitioners to insist upon action at last night's session, and they showed some diplomacy in their willingness to wait while the board members in a general way manifested something of a give and take spirit in their final statements.

About the trust of the many true statements made during the long debate, was that harmony is the most desirable thing in school management. So let us all hope that out of the discussion Monday night and out of further discussion that will be had, there may be found a common ground for action which will spell unanimity for the rest of the life of the present board.

To accomplish this very desirable thing, it will be necessary for persons at prejudice and difference to be set aside, yet if this generous spirit can take possession of each member of the board, of officers and teachers under the board, and of school patrons, a very forward step in school interests will have been taken.

Anna Marion, the three and one-half year old daughter of Mr. and Mrs. Homer Rockwood of 8011 West College avenue, died Sunday morning at 11:30 o'clock following an illness of four hours. Besides the parents three sisters survive, Florence, Helen and Eleanor.

The funeral will be conducted from the family residence at ten o'clock this morning and burial will be made in Diamond Grove cemetery.

Schofield.

Ellen Marie Schofield died at the home of Benjamin Reese in South Jacksonville Sunday morning at 9:10 o'clock. Pneumonia was the cause of death. Miss Schofield was the daughter of Thomas and Elizabeth Hanning Schofield and was born and has lived in this county all her life.

She is survived by her mother and the following brothers and sisters: Mrs. Elizabeth Schofield, William Schofield, Gardena, Calif.; Elzie Schofield, Jacksonville; Mrs. Alice Gibbs, Lynville; Miss Dollie Schofield, Brown, Calif.; Mrs. Ida Rawlings, Franklin; Fred Schofield, Lynville.

The funeral was held from the residence of her mother, 509 South Kosciusko street at 3 o'clock Monday afternoon. Interment was in Diamond Grove cemetery.

Rimby.

Word has been received by relatives at Murrayville of the death Sunday morning of Mrs. Charles E. Rimby at her home in San Diego, California. She had been in failing health for several years. A few months ago heart trouble and dropsy developed which caused her death.

Mrs. Rimby was the daughter of John W. and Sarah Eliza Wright and was born in Murrayville. She was united in marriage in 1882 to Charles E. Rimby who survives her together with three children, Dora, Norman and Neda, all of San Diego. Two sisters, Mrs. Jane Ash of this city and Mrs. Louise Cunningham of Murrayville, and four brothers, John E. Wright of Jacksonville, Mo.; James Wright of Harrisonville, Mo.; and Silas N. and W. B. Wright of Murrayville, also survive.

The funeral will be held in San Diego today.

Beebe.

Mrs. S. E. Beebe of 814 West College avenue, died Sunday afternoon at 4 o'clock. She had been taking treatment at the Mayo Institute and was on her way home stopping at the residence of her sister, Mrs. Berry of Elkhart, where she passed away. The family formerly resided in Middletown, Ill., and moved to Jacksonville only a few months ago.

She was about 55 years of age and is survived by five children, Edward an attorney of St. Louis; Mrs. Lois England, St. Louis; Misses Edna, Ethel and Capitola Beebe of Jacksonville.

Burial will be made at Elkhart this afternoon.

Postel.

Word has been received in the city of the death of George Postel at his home in Mascoutah, at the age of 62 years. His daughters, Amelia and Delphi were formerly students at Illinois Woman's college.

WILL MEET TOMORROW.
The Woman's Foreign Missionary society of Durbin church will celebrate their silver jubilee Wednesday at the church. Miss Blackburn and Miss Lulu Hay will speak.

GRADUATING EXERCISES.
Thursday evening, June 10th, the graduating exercises at Passavant hospital will take place. The public is cordially invited to be present.

Mr. and Mrs. Andrew Russel have returned from Chicago where they went to meet their daughter, the Misses Russel, who have returned from a three months' stay in California.

BACCALAUREATE SERVICES WERE HELD

REV. J. W. McDONALD ADDRESS-
ED ILLINOIS COLLEGE STUDENTS.

Warns Students of Loss Sustained in Not Living Up to Ideals, Spurns Sham in Every Department of Human Endeavor.

The baccalaureate services of Illinois college took place at state street church Sunday morning in the presence of an audience that filled the house completely. The faculty, trustees, alumni and students filed in and took seats assigned them. The invocation was by Rev. Howard D. French, pastor of the church and the remainder of the services was in charge of President Rammelkamp. The music, led by Mrs. Bullard at the organ, was especially fine. Prayer was offered by Dr. Post of the Congregational church and then President Rammelkamp introduced Rev. J. W. McDonald, D. D. of Decatur, who delivered the discourse of the day. It was especially timely and well chosen and a few thoughts are presented:

"An old man had a choice collection of curios gathered from various parts of the world but he told his heir to destroy them as their value lay in the effort of securing and collecting them and that could not be bequeathed to another. This is essentially an age of canned goods. We even have canned music dealt out to us through a graphophone and yet do we really have true music? One generation cannot hand down its real melody to another. Mechanical music is very well in its place and enjoyable yet how far from the genuine article; and so is it essentially true of religion. We must ourselves discover God as our Father.

This is essentially a laboratory age; we must go into the laboratory and for ourselves discover our great needs and true standards. We do not inherit religion. Paul and Moses went to the great laboratory and solved the problem. There are two paths along which we must move; along that which others, our parents lead us and what we get in the great world's work. We may have canned prayers and even canned religion but they are not the best. In his mighty work, Moses did not depend on canned prayers but fell back directly on God for guidance and support and hence his prayers were vital. It is life eternal to know God. You may have an ordinary acquaintance with a man and think you know him but become his partner; be with him for a series of years in close relationship and then you will know him far better.

"A man once said that the sermon on the mount had no place in politics or business but that is the very soul of skepticism. Christ taught us that religion is to be practical. The nations of Europe say they believe in Christ but fail to apply His principles to international relations. Asceticism is an effort to apply christian principles without the christian life. Can we not take high ideals into every day life? Paul went to Antioch, a place full of evil; he went to Ephesus, to Rome and said christianity must be planted there and the world knows the result.

"Young people of the graduating class; during your college course you have been getting ideals and if you fail to take them with you into the world they will be of no benefit to you. This is no time to run away from the world but to enter into it with your culture, your knowledge, your education, your talents and all you have and lay them on the altar of your Maker and devote your best to Him.

"The chasms between the town and the gown have been far too great and should be narrowed. Our Savior says, 'As thou hast sent me into the world even so I send them into the world.' I pray not that thou shouldst take them out of the world but that thou shouldst keep them from the world." A christian and a college graduate should be planted in the world. Christ says we should not light the candle and put it under a bushel but on a candlestick that it may light the whole house.

"There are ever greatest possibilities in the world. From repulsive mire and filth the most beautiful flowers may grow. Take culture learning and religion into the world and use them for the welfare of mankind.

"I come to you today with a message. We send missionaries to foreign lands and deny ourselves for the good cause and at the same time we want to win our own land for righteousness. If you are called to go to China, go, but remember God sends you here also. America is a rich land. Hereofore when a country has become rich it has degenerated. Shall it be so with us? Immense growth awaits the land. In time Chicago will have millions more than at present and the population of the United States will be doubled and more. We are meeting a challenge and what will be our answer? We need those who will say, the country for Christ.

"We have in the bible two cities; Babylon, rich and mighty; Jerusalem, poor, comparatively yet enshrined in the hearts of all mankind. Be sure you take with you all you have gained; go into the world and help win it for the good and grandest ideals."

The benediction by Dr. A. B. Morey ended the exercises.

Miss Ethel Smith, daughter of H. W. Smith of Pearl, who has been ill at Passavant hospital, was able to return to her home Monday.

DR. EUGENE OPIE WILL ADDRESS MORGAN COUNTY MEDICAL CLUB

MRS. MARY STEWART CELEBRATES HER NINETIETH BIRTHDAY

Came to Jacksonville When Six Years of Age—Recalls Many Individuals of the Early Life of City.

Can you imagine living in one community for ninety years? Just think if you can of the changes you would see if you should be in Jacksonville ninety years from now. That is what Mrs. Mary Stewart who is now living at 1222 Park Place has done. Sunday Mrs. Stewart, who lives with E. Elmore celebrated her ninetieth birthday. She is a great aunt of Mr. Elmore and in honor of the event Mr. and Mrs. Elmore invited in a few friends for dinner. Monday a Journal reporter visited the Elmore home and talked with Mrs. Stewart. Two years ago Mrs. Stewart fell and broke her hip and has been practically an invalid since. She was sitting in her chair Monday and her mind seems as bright as that of a young person. She talked interestingly of Jacksonville when it was composed of only a few houses. Mrs. Stewart's father was John Angelo who was born in New Jersey in 1800. Most of his boyhood, however, was spent in Pennsylvania. When sixteen years of age he came to Morgan county with his brother. He was married when twenty years of age and Mrs. Stewart was born in 1825. Her father resided about three miles south of Diamond Grove cemetery. In those days this country was full of Indians and Mr. Angelo was one of the men who helped run them out of the country. Speaking of Jacksonville when she first remembered it Mrs. Stewart said that she was between six and seven years of age at the time she first came into what is now the city of Jacksonville. At that time Johnny Carson, great grandfather of the present Carsons was one of the settlers. The first court was held in his residence and it was used for a court room until it burned down. His father helped make the brick which were used in the old court house. From what she says, the brick yard must have been the old Edgmon brick yard as she says it was on the west side of town. A man named Matt Wayne kept a little store but most of the things the settlers needed were brought from Alton. There also was living here at that time the great grandfather of H. H. Massey and Major Sims who it is probable was the great grandfather of J. L. Sims. Mrs. Stewart also told the reporter that when she was five years of age she remembered attending the first show ever given in Jacksonville. It was given under a tent where the public square now stands. The attractions consisted of an elephant, a spotted pony and a monkey. She said there also was a man eater but that she didn't get to see it. During the Lincoln campaign, which is probably remembered by many of the present citizens of Jacksonville, Mrs. Stewart said she was one of the thirty-four girls who rode gray horses in a big parade given here during the campaign. Mrs. Stewart until recently resided on a farm near Jacksonville. However all of her relatives left so she sold her personal property and rented the farm and now makes her home with Mr. and Mrs. Elmore. The lady seems to be in excellent health and bids fair to see many more birthdays.

Rent Houses Wanted

There has never been a time when desirable rent houses, \$7.50 to \$25, were scarcer at Johnston Agency than they are today. Our facilities for securing the right renter for the right house are good. Being the only agency in the city making a specialty of this business, a constant stream of applicants pours through our office. We know what is due to tenants in the way of repairs, and our tenants stay. On the other hand, we collect all rents in advance, and we do not, upon the average, lose a full month's rent upon one house a year.

Landlords—We think you will find it profitable, and save yourselves a great amount of trouble, if you will let us attend to your rentals. We have made a science of it. And we respectfully solicit your business.

BOARD SESSION MONDAY NIGHT
AN OPEN PARLIAMENT.

Huge Petition Presented Asking that Previous Action be Rescinded—Strained Situation Turned into Good Feeling—Board Indicated Willingness to Consider Requests Made by Petitioners—W. N. Hairgrove Presented Argument to Prove Meeting When Appointments Were Made Was Illegal.

The regular meeting of the board of education began Monday with clouds hovering all over the horizon and with every indication of a storm, but later on there was a rift and the light of harmony broke through. In the session of the board which lasted three hours and a half, three hours were given over to an open parliament on questions presented in a petition to the board and half an hour was given to the usual routine of business. The petition mentioned was presented by Mrs. A. B. Williamson and has 1,276 names attached. Fortunately no one asked to have all the names read or the session might still be in progress.

The petitioners briefly asked the board to reconsider the action taken at a former meeting, restore Miss White to the principalship of the eighth grade, employ a public health nurse and reopen the first ward branch school.

Attorney's Argument Futile.
An interesting feature came very early in the session when before President Rodgers had cast a vote upon the motion to approve the minutes of the previous meeting, William N. Hairgrove as attorney, was granted the privilege of the floor and made a somewhat extended argument to show why the meeting of which the minutes were a record was not held in accordance with law. Mr. Hairgrove was accompanied by John J. Reeve and they were in conference, but the presentation of the facts was made by Mr. Hairgrove, who declared in his closing remarks that he was not a paid attorney and that his only motive in appearing before the board was in the interest of harmony. He said that he, as well as others in the room, knew that the differences and dissensions between members of the board were bad for the schools and that he was willing to do everything possible to avoid litigation.

At the close of this argument President Rodgers cast his vote along with those of Members Clampt and Wells, and the minutes of the previous meeting were declared approved. Mr. Rodgers had previously stated that he had consulted several attorneys in the matter and believed that a legal quorum was present, though he was willing to concede that probably he did not have a right to vote when there was no tie. The mayor further expressed the belief that the action taken was in the best interests of the schools as a whole; that he had no prejudices or favorites, and that at all times he wished to be guided by the interests of the schools without personal animus or influence of any kind. Following Mr. Hairgrove's address and early in the session, Mrs. A. B. Williamson as president of the united Parent-Teachers' association, read the preamble of the resolution, which was addressed to President Rodgers, asking him to use his efforts to bring to pass the wishes of the petitioners.

Subsequently Mrs. A. L. Adams spoke in behalf of the petition, as did Mrs. U. G. Woodman. Later each member of the board had something to say on the general questions involved and before the adjournment time came everybody was on record as in favor of the employment of a health nurse if the legal means could be found; a majority had expressed a willingness to review the decision in closing the first ward school, and Miss White's case had been given a thorough discussion.

Good Feeling Grew.
It was a pleasing fact to no one as mentioned above that gradually in the course of the session the acrimonious spirit evidenced at first on all sides was softened, and the fact that harmony is desirable in all things, especially in school affairs, was really given some consideration. Among the persons present were Mrs. W. D. Roberts, Mrs. L. H. Engel, Mrs. A. J. Ward, Mrs. Reid, Mrs. A. C. Baldwin, Mrs. U. G. Woodman, Mrs. A. B. Williamson, Mrs. J. K. C. Pierson, Mrs. L. H. Pratt, Mrs. C. J. Knapp, Mrs. H. J. Capps, Mrs. A. L. Adams, Miss Grace Carter, Miss Bacon, Mrs. Fred Hopper, Miss Fay Rodgers, Miss Katherine Olmsted, Miss Florence Ward, Mrs. Keith Montgomery, Mrs. L. P. Owen, Mrs. Cass Hamm, Mrs. Andrew Russell, Mrs. Dean Geer, W. B. Miser, Julian Hall, A. C. Baldwin, L. H. Pratt, C. H. Ward, H. J. Capps, Joseph Gemes, A. J. Ward, Dr. E. L. Crouch, Andrew Russell, W. B. Rogers, Dr. A. L. Adams, F. L. Sharp, U. G. Woodman, Dr. R. O. Post, T. M. Tomlinson, J. H. Rayhill, A. H. Kennedy, Rev. Percy Stephens, Harry Obermeyer, Dr. George Dinmore, William A. Alcott.

When the board had been called to order, Mr. Pyatt read the minutes of the May meeting and Dr. Clampt, with a second by Mr. Wells, moved that they be approved. Mr. Rogers stated that he was not present at the meeting mentioned and it was only one or two regular meetings that he had missed in the last nine years, and he said that it seemed to him that there were questions involved which merited legal advice. Mr. Ingram said that in view of all the facts that he did not think a fair and square deal had been given the absent members in the previous meeting and that no action should be taken without hearing from attorneys. Mr. Wells believed that the minutes should be approved and later on any change which the board desired to make could be made. The

roll call proceeded and stood two and two.

Opinions Cited.

At this point President Rodgers granted W. N. Hairgrove the floor, Mr. Rodgers having stated that at the meeting in question the suggestions made sounded good to him and the time had arrived to appoint teachers, and that he had therefore proceeded to act. Mr. Hairgrove cited an opinion from the Maine courts to sustain his theory that the president of the board and two members did not constitute a legal quorum. He also quoted authorities to show the legal meaning of the word "with." Other authorities were cited along the same line, the purpose of the attorney being to prove that no quorum was present at the meeting in question. He emphasized, too, that if that meeting was not proper and legal that no action taken at this meeting with reference to approval of the minutes would legalize the previous action.

Mr. Rodgers said that he knew this statement to be true. In his closing Mr. Hairgrove also said that he was not a paid attorney and that he appeared as a citizen who is interested in the schools and who realized that any legal proceedings and continued strife in the board had a bad effect upon the school system. He said that it was plainly the duty of the board to at least make an attempt to get together for unanimous action. Then, speaking personally, he said that it did not seem that two members of the board had what "Muddy" Cox of Waverly used to call "a fair rattle."

President Rodgers said that he had looked into the matter thoroughly and had advised with attorneys and that he believed that a quorum was present at the previous meeting and not taking into consideration the question of his right to vote, that a majority of the board favored the action taken. He said that there had been considerable strife in the past, he was aware, but that this action was taken just because he thought he was serving the best interests of the schools and if the matter got into the courts that someone else would have to take the responsibility. He then voted in the affirmative and declared the minutes approved. The petition referred to, signed by 1,276 citizens, was then presented.

Afterward Mrs. A. L. Adams made somewhat extended remarks. Mrs. Adams referred to the strong feeling that a great many people had in opposition to the action of the board as recorded at the May meeting and said that she had never seen such an unanimity of sentiment against any proposition. She mentioned that various individuals and committees had interviewed Mr. Rodgers in the hope that they might prevail upon him to change his mind and to undo some of the actions objected to, and while they had been very courteously received, that they had not succeeded in bringing to pass any change of mind on the president's part.

The speaker then made reference to the movement to secure the passage of the law in Springfield abolishing the local charter, and said that various women had been greatly surprised to find Dr. Clampt and Mr. Wells and Supt. Collins in Springfield working against the bill. She said that certainly the board could not look upon the petitioners as seeking to interfere with board affairs, for as parents they certainly had a right to consideration. She said that early in the year when the question of dancing in the eighth grade building was brought up that the parents were consulted a great deal and that at that time they felt that they had a superintendent who wished to frequently consult with the parents and to carry out their wishes, but in the important action taken at the May meeting, that the wishes of the parents were given no consideration. She said it was on the basis of these facts that the petition had been prepared. She said further that while some of the actions taken at the meeting referred to were approved, that there were a great many people who thought the whole program as outlined was wrong.

Mr. Rodgers and the General Law.
President Rodgers said that it was the understanding that the new law would in all likelihood go into effect next spring and that a new board would then take charge and make any arrangements for the following year that seemed advisable, and that he thought further that there could not be very many people who thought the whole action of board was wrong, as it embodied the entire list of the teaching force. He then explained his own attitude with reference to the general law and read a copy of a letter he had written to the senator and representatives of this district urging them not to support a law if it were to take effect in July because of the possibility of so disarranging school affairs, that there would be no money for the schools during the coming year. Mr. Rodgers said that he had always been in favor of the general law and was still in favor of it, and that the amendment changing the date on which the proposed law is to take effect here put an end to the fear of financial distress. He said further that he was in favor of a public health nurse if one could be secured legally and if it was necessary to pay her salary by private subscription that he was ready to contribute \$100 for that work.

Defeated Board Plan.

Dr. Clampt said that he wished to make a statement with reference to the action of the Board at the May meeting and to clear up some misstatements that had been made about the Board's action. He suggested that some of the opposition to the previous action was seemingly based on personal animosity

Blood Risings Begin A Mere Speck

Stop Them From Growing Large and Dangerous.

Nearly everyone who uses S. S. S. for the blood recalls a friend who went through untold suffering as the result of a mere pimple or small blood rising. A host of people did not realize until too late, what may result from a slight skin abrasion. But they recovered if they used S. S. S. and in almost every village and hamlet, every crossroad and away back off the road is someone who will tell you how S. S. S. the famous blood purifier, restored his health.

It is a most interesting fact that this remarkable vegetable medicine overhauls the blood in a manner that excites curious minds.

But it acts in accordance with accepted physiological laws and yet its effect is almost beyond comprehension to those who are wedded to such drugs as mercury, calomel, arsenic, iodine of potassium, copper and other baneful influences which all the world bears silent testimony to their destructive tendencies.

S. S. S. is indeed a nature's tribute to what we need and it is worthy of note that in almost any drug store throughout the country you will find it regularly in stock. Get a bottle today. And if you believe yours is a peculiar case, write to the Medical Adviser of The Swift Specimen Co., 106 Swift Bldg., Atlanta, Ga. Our word for it, he is one of Georgia's appreciated specialists, retired from active practice, but proud of his name and of his recognized ability.

SCHOOL YEAR CLOSURES AT WHIPPLE ACADEMY

Annual Commencement Exercises Held Monday—Prizes Announced.

Whipple academy commencement, yesterday morning attracted an interested audience in spite of the inclement weather. All the young ladies and gentlemen acquitted themselves with great credit.

The class representatives were chosen by the faculty on the basis of excellence in the Whipple prize declamation contest.

The program opened with prayer by Rev. Howard French, pastor of State street church and then followed a musical number.

String Quartet—

Allegro ma non tanto, from Quartet, Op. 18, No. 4....

Carrie Dunlap, Alma Forsythe, Dean Cochran, Viggo Jensen.

These gifted and skilled musicians afforded a fine part of the exercises of the occasion and were greeted with hearty applause.

A declamation by Miss Truly A. Denison followed. The young lady chose for the occasion a humorous production, "By Rule of Contrary", and treated it most admirably.

The oration of the day was by Malcolm B. Wisheart who took for his theme "The Fighting Edge."

The young man presented some excellent ideas. He said this was a strenuous age and to get on the fighting edge we need the best of preparation. Among the forces which inspire action are hope and spiritual discontent which are a constant spur to renewed effort. The first thought of nature is self preservation and then comes nobler attainment and to keep on the fighting edge we need the best that is us to be cultivated to the utmost. If the fighting edge be dull we must fall but keep it keen by diligent effort, upright conduct and a firm reliance on Divine Providence and we may succeed.

Next came a musical number: String Quartet—Scherzo from Quartet, Op. 11 by Tchaikowski—Carrie Dunlap, Alma Forsythe, Dean Cochran and Viggo Jensen.

Principal Harris then spoke briefly. He said to be successful a school must either have social qualities or high scholastic standards. Whipple academy is loyal to the highest and best. Its spirit is for liberal culture, which will help in high achievements and the attainment of great ideals. It is likely that most of the class will continue in the college which is highly commendable.

The first prize in declamation had been won by Owen Jones and the second by Miss Blanche Bray. The Illinois College scholarships had been awarded to Miss Helen Green and Clyde Land.

CARING FOR HORSES.

It is sometimes said that republics are ungrateful but surely there is one man in Jacksonville who is not ungrateful to his horses and that man is W. A. Jenkinson of the wholesale grocery and Ideal bakery. On his farm near the city graze most of the time stalwart animals, "Tom," "Kit," "Jerry," "Paul," "Boo" and "Prince." All have been raised by Mr. Jenkinson and Mr. Clayton, three on the farm owned by them in Minnesota and three near this place. The Nestor of the list is "Tom," pensioned now for six years and thirty years old today.

Like all the others "Tom" is of draft stock though none has a pedigree. "Tom" was the animal used by Mr. Jenkinson when he began the wholesale grocery business and he worked faithfully and steadily till 24 years of age and since that time he has not been used at all. The others are about 16 to 18 and each are used some. Mr. Jenkinson is especially careful of his faithful animals and has cared for them all their lives and has even provided for them in case of his death should he be taken away before they die.

HOLDS SCHOOLS OF INSTRUCTION

Mrs. Myrtle W. Tandy, state president of Rebekahs has returned from a trip throughout the state holding district meetings and schools of instruction. She held meetings in Peoria, Harrisburg, Barry and Grand Chain. In addition to giving instructions all past Noble Grand were allowed to take the past Noble Grand's degree at these meetings.

While away Mrs. Tandy attended the graduating exercises of the Odd Fellow's Orphans Home at Lincoln. The graduating class was composed of six boys and three girls. The entire graduating outfit of one of the girls was donated by the members of Caritas Lodge 625, Mrs. Tandy's home lodge.

Mrs. Tandy while at the Orphans' Home dedicated the flag staff and flag recently donated to the home. The flag staff which is of steel and 75 feet high was presented by the Rebekah lodges of Illinois. The flag was presented by the Hon. Andrew Russell, state treasurer.

EUROPEAN WAR NOTES

Berlin, via London, June 7—No report has yet been received from the submarine flotilla covering the torpedoing recently off the coast of Ireland of the American Steamed Nebraskan. It is believed that all the submarines which were out at the time already have returned to their bases.

Several underwater boats were in the general vicinity where the explosion damaged the Nebraskan but none of them has reported any attack having been made on the steamer.

Rome, via Paris, June 7—An official statement issued here tonight says:

"Minister of the Treasury Carcano conferred at Nice on the fourth and fifth of June with the British chancellor of the exchequer, Reginald McKenna. They discussed the financial co-operation of the two powers and decided on the measures to take to that effect. The conference showed perfect harmony between the two governments."

"The chancellor of the exchequer was accompanied by the governor of the bank of England and Signor Carcano, by a director of the Bank of Italy."

Vienna, via London, June 7—The following official statement was issued tonight by the Austrian war office:

"The attacks of the central Austro-German forces are making considerable progress north of Mosicaka (Galicia). General Linsingen's army, after storming a bridge head at Zurawna, gained a firm footing on the northern banks of the Dniester."

"In the battles near Przemyśl more than 30,000 prisoners have been captured since June 1."

"In the southern war theatre our frontier troops have been successful in several minor engagements. The Italians appear to be pushing forward with strong forces against the Isonzo."

London, June 7—Despite opposition by labor members and by Sir Henry Dalziel, a radical liberal, the house of commons today gave a second reading to the ministry of munitions bill and then sent the bill to a committee of the whole. The committee authorized the salary for the minister of munitions, who will be David Lloyd-George. The salary is not to exceed 5,000 pounds sterling (\$25,000).

The opposition to the measure was on the ground that it was in effect a move for the conscription of British labor. The bill will be discussed further tomorrow by the house when Premier Asquith has promised a detailed announcement concerning the government's attitude on recruiting and the munitions question. J. H. Thomas, labor member who was the last to speak on the bill at today's session, said that if the measure was passed it was incumbent upon the government to give assurances that any relation in trade union rules should be only for the duration of the war. The government, said Mr. Thomas, "will not get what it wants by putting a pistol at labor's head. Let the government say what it wants and labor leaders and the workers will likely rectify any mistakes that have been made."

London, June 7—The hearing in prize court cases affecting the cargoes of American meat on the steamships Friedland Bjornstjerne Bjornsen, Kim and Alfred Nobel was postponed today for three weeks. The postponement was granted at the request of the owners of the vessels and the Scandinavian consignees of the cargoes. The government made it clear that the delay was granted on assurance that the British government was not responsible. Counsel for the ship owners and consignees explained they had learned the government had obtained new evidence, which made necessary a delay since evidence for a rebuttal must be produced.

Representatives of the Chicago packers stated they were not a party for a request for delay and were anxious to have the matter go to trial.

Representatives of American-owned cargoes which have been detained by order of the admiralty are becoming restless. They complain at the delay of the British government in settling claims for demurrage on ships which have been released. Under the ruling of the government all these claims with the possible exception of cotton cargoes which the government expects to purchase, will have to go to prize court for settlement. The government desires legal adjudication of the claims but in the case of the cotton cargoes may add the demurrage to the purchase price of the cotton.

COMPANY B. INSPECTION.
Major Lewis of the 19th United States Infantry was in the city Monday evening and inspected Company B. There was a splendid attendance, 38 men and three officers being present. Major Lewis complimented Capt. Owen highly on the company. He said it was equal to any he had inspected and better than most of them.

WOODMEN MEMORIAL

The Occasion Fittingly and Beautifully Observed by the Order.

The memory of departed Woodmen was most fittingly observed Sunday on the occasion of memorial day of the order in this city in which both camps united. Camp 912 represented by Neighbors Gus Mears, Earl Vasconcellos and S. C. Fernandes; and Camp No. 132 represented by U. G. Woodman, Louis Connors and Judge W. E. Thomson as special committees of arrangement. The procession to Jacksonville cemetery was imposing. The Foresters under command of S. C. Fernandes, chief Forester, made a fine appearance as with axes reversed they went with solemn tread to the place assigned, with T. H. Buckthorpe, chief marshal.

A platform had been erected and handsomely decorated, an organ provided and U. G. Woodman presided, while the choir of Northminster church kindly supplied the music.

Prayer was offered by Rev. W. E. Spoons and then the choir sang with fine effect, "Nearer My God to Thee." Mr. Woodman then stated the object of the occasion being to decorate the graves of departed neighbors and show respect to the memory of the dead. He hoped both camps would ever continue to follow the good custom and decorate the last resting place of the deceased members. Live potted plants and flowers were used and were much more effective than mere cut flowers for with suitable care they will live till cold weather. He thanked the large gathering for their attendance and then with complimentary remarks introduced Judge Homer W. Hall of Bloomington, a loyal member of the order, as the orator of the day. The gentleman said in part:

My friends, gathered around our campfire, we always meet in our joys and our sorrows, as one great family and on this occasion we call to mind those good brothers, now gone, who have labored with us and shared our joys and our sorrows and though we meet and miss them we should not be surprised nor yet dismayed. For one by one, like leaves in a forest glade our friends have fallen and our neighbors will fall until time shall be no more, and finally the grassy coverlet of God will spread an equal green above us all.

On this memorial day, we meet to do honor not alone to the memory of our departed friends but to honor this great order whose mission is one of love and friendship.

The history of the unselfish love of friends has come down through the centuries as a shining light. To have true friends means much.

The Modern Woodmen of America is in full accord and sympathy with the institution and every movement in modern life having for its purpose the advancement and elevation of mankind. It is a defender of the home and stands for the greatest liberty, the highest justice and broadest fraternity in the individual and the community. It begets that spirit in us which looks only for the best there is in other people and gives to them the best there is in us. This and similar orders founded on friendship and intelligent charity make prosperity brighter and lighten adversity while sharing its griefs and anxieties and as the yellow gold is tried in fire so the faith of friendship must be seen in adversity. When sorrow blights or distress wounds, how sweet the companionship of loving friends. This order is a forest of fraternal love. As individuals we differ as much as the trees in the forest. Religious beliefs and political affiliations, in mind and temperament, in physical strength and mental equipment we may be unlike, but together in a unity that challenges the world, this society's members stand in harmony and devotion to one another. So in observing this day and while extolling the virtues of our friends now gone we bow to the power of the infinite and rejoice in those God given qualities of mind and heart. God wills it so and so it is.

The Pilgrims on their way Though weak and worn more cheerful are

Than all the rest who stay; And when at last, poor man subdued, Lies down to death resigned, May he not still be happier far Than those he leaves behind.

At the close of his remarks the choir sang "Rock of Ages" and then Mr. Woodman read the names of the members buried respectively in Jacksonville, Diamond Grove and Calvary cemeteries.

The choir then sang "Sweet Bye and Bye" and the members adjourned to decorate the graves. A special committee consisting of John N. Joquin, Louis Connors and J. Earl Vasconcellos, went out to Diamond Grove and Calvary cemeteries and decorated the graves there.

WILL ATTEND SUMMER SCHOOL

George W. Tandy who is a student at the University of South Carolina will remain there for six weeks of summer school. Mr. Tandy by taking six weeks this summer and six weeks next year will make up a year of the five year medical course at the university. Most of the members of the football team will attend the summer school and it is the intention to practice the finer points of the game in anticipation of the fall schedule. He will return to Jacksonville about the first of August for his vacation.

PROF. NEWELL HEADS U. OF I. CIVIL ENGINEERING DEPARTMENT

Has Twenty-six Years Experience in Government Service, Principally as Chief Engineer and Later as Director of U. S. Reclamation Service.

In the past it has not happened often that a university could get a man on its staff who has the wide experience in practical affairs as has Dr. Frederick H. Newell. He comes to the University of Illinois to serve as professor of civil engineering and as head of the department.

He comes from active professional work, having been for twenty-six years in government service, principally as chief engineer and later as director of the U. S. Reclamation Service.

The reclamation service under Professor Newell's direction has constructed some of the largest dams

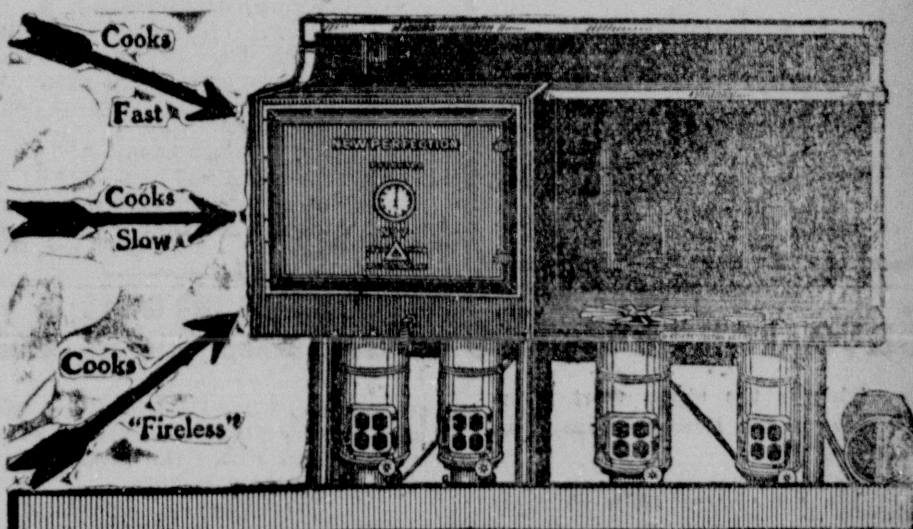

Doctor F. H. Newell, founder of the U. S. Reclamation Service and recently appointed Head of Department of Civil Engineering, University of Illinois.

and storage reservoirs in the world, with systems of canals for distributing the stored water to about three million acres of agricultural lands. As part of the construction of the canals and reservoirs there have been built many miles of tunnels, also extensive controlling works, hydro-electric or steam power plants and hundreds of smaller structures, such as headgates, bridges, flumes and culverts; also scores of miles of wagon roads and of telephone and electric power lines, several short railroads and almost innumerable buildings used for mills, offices, storerooms, or shelter for men and equipment. The work has been exceedingly varied in character and in location, being at widely scattered points in seventeen western states. The engineering operations have thus embraced not only civil and hydraulic, but also hydro-electric, railway, mechanical, mining, structural, sanitary and other problems.

The broad experience had in discovering conditions, in initiating large work, in overcoming unusual difficulties, in attracting and holding men of high character and sharing with them an enthusiasm and a rare devotion to public service, should be of substantial aid to Dr. Newell in maintaining and forwarding the high ideals of Illinois.

An Oil Burning Range with a "Three-in-One" Oven

You have a splendid range and a fireless cooker combined in this NEW PERFECTION with the insulated oven. It bakes or roasts either fast or slow, or you can seal the oven and turn out the flame and cook by the easy, economical "fireless" method.

The insulation that makes this wonderful convenience possible saves so much money in fuel bills that a NEW PERFECTION soon earns its moderate price.

It burns clean, convenient, economical oil—which also means no more carrying of coal or wood or cleaning out ashes.

Price Low—The price of this NEW PERFECTION with the Insulated

Oven is extremely reasonable. It costs little more than a good fireless cooker, less than the average coal range, while giving you the service of both. You can see it at your dealer's in two sizes. Ask him for the latest NEW PERFECTION Wick Blue Flame OIL COOK STOVE with the Fireless Cooker Oven. Look for the triangle trademark.

SPORTING NOTES.

When Garry Herrmann announced that the baseball magnates must reduce salaries he said something. The end of baseball troubles is not in sight.

A bet of 100 to 1 that goes a thousand times is some bet. It is offered on a golf game by a millionaire in Philadelphia, who will play a surgeon. If the latter wins, his medical school will get the bundle. The aspiring cup defenders Resolute and Vanitie will appear in the New York Yacht club regatta on June 22, despite the opposition of Tom Lipton that these trials give the defender an advantage.

One of the most peculiar incidents ever seen in a ball game came up in the Tufts-Dartmouth game May 28. With a Tufts man on third the signal for a squeeze play was given. The Dartmouth pitcher started to wind up and the man on third dug for home. The Dartmouth catcher jumped out of his position and yelled to the pitcher, who had just time to deflect the ball to the left. As it came, the batter moved out of his box and stretching around hit the ball. The base runner came rushing in and the ball hit him. This was a fine mix-up for the umpire. He called a balk on Warrmaker, the Dartmouth catcher, for being out of his box, and allowed the runner to score. The batter was ordered back to bat, the ball counting nothing against or for him, being dead on account of the balk. In addition to this decision, which was the logical one, two other plays might have been called. The batter might be out for jumping out of his box and batting the ball or the base runner out for being hit by a batted ball. The balk occurred first, and therefore took precedence. It was a play that could not come up in years. Not all baseball fans realize that a balk can be called on the catcher as well as the pitcher.

"MORNING GLANCES" (By Gosh)

Happy DeFrates at third played a great game Sunday; he looks like a real ball player.

Dick Wheeler at short was new in the position, however. Dick looks good in short field. He has a good whip and when he gets used to the position he will deliver the goods.

Detroit won and the White Sox lost. The Tigers stepped into first place and the Sox slipped back to second.

Urban Faber had won eight straight games for the Sox up to yesterday when Smoky Joe Wood took his measure.

Something unusual in the two Sox game was that Wood and Faber each allowed four hits and each struck out five men. Each team made one error.

White was unusually wild Sunday walking five men. While Krominga was apparently wild he only walked two and he seemed to be able to groove the ball when he wanted to.

Clark who usually pegs his fine form was off Sunday. He did not seem to be able to control his peg to second.

McCollister reached some wide ones at first and had nearly half of the putouts.

Kansas City won Monday and went into first place in the Federal League. The race still continues close in that league and a few days may put the fourth place team on top.

Davenport walked Keupper for sixteen hits Monday and beat Quincy by a score of 7 to 3.

Jack Combs pitching for Brooklyn was defeated by Pittsburgh by a score of 6 to 1.

Walter Reddingfield of Jay Prairie sought the city yesterday on business.

LITERBERRY.

Mrs. Barbara Challinor of Jacksonville came out Thursday to attend the horse show and spent the week end with her friend, Mrs. Willard Young, at Maple Mount.

Will Freitag of Sinclair was driving his Maxwell machine on our streets Sunday morning.

A number of our people drove to Arcadia Sunday afternoon to attend the Odd Fellows memorial service.

G. T. Litter has given his store a new coat of paint which greatly improves the appearance.

Our people are thinking of sending an officer after Mr. and Mrs. J. A. Litter who went west about three weeks ago; there are fears that this worthy couple have deserted Litterberry, and it is impossible to run the town without them.

Mrs. Margaret L. Richey and daughter, Mrs. Arthur Vannier, and grand-daughter, Miss Anna Margaret, of Jacksonville called at Sunshine cottage Thursday afternoon.

Fred J. Henderson of Hill Brook farm went over to town ten days ago with his family to visit friends.

On account of the big rain they were compelled to leave their car and come home on the train. Mr. Henderson went back for his car Sunday.

The Christian church observed children's day Sunday with a good program and a good congregation.

George Litter, Mrs. Ernie Young and children drove down to Grace Chapel neighborhood Sunday afternoon to visit friends.

Rev. A. L. Cain of Concord came up Thursday to make us a visit and to take a peep at the fine horses. Brother Cain is a promising young minister, and we are glad to say, he is making good in his profession. It seemed like old times again to be entertaining our minister.

Rev. Dickson of Carrollton and Rev. Johnson of White Hall attended the horse show. While we were shaking hands with these good men, who should step up, but Rev. Cantrell, and we were afterward introduced to Rev. Bowman, so you see it was a good day for preachers as well as anybody.

Our horse show has been well reported, but the reporter left out one important feature; he failed to say anything about one of the marshals of the day, who was Master Ernest Roach, who rode his fine stepping saddle-mule, which was profusely decorated with red, white, blue and yellow hunting, having a Confederate battle flag in his bow-band; the effect was unique and pleasing.

JACKSON HAS SEVERAL LIGAMENTS IN ARM SPRAINED

Washington, June 7.—Manager Focht, of the Cleveland Americans announced today that an X-ray examination of Joe Jackson's right elbow, after in Cleveland on Memorial day, showed that several ligaments were sprained but that no bones were fractured. Jackson will be out of the game about ten days.

The earth's speed on its orbit is 18 1-2 miles per second.

EAGLES WIN CLOSE GAME FROM LINCOLN

LAST ROUND SHOWED A SCORE OF 7 TO 6.

While Game was Weird It Proved Pitchers' Battle Between White and Krommiga—Contest Featured by Some Good Fielding.

The Eagles had a hard time beating the Lincoln Grays at Nichols Park Sunday afternoon. When the last round was finished the score was 7 to 6 in favor of the Eagles. Lincoln made two runs in the ninth and had a man perched on third, waiting to come home with the tying run when Arisman grabbed Young's short line drive toward right field.

Taken all in all it was a wild and weird game. Both teams played a loose game in the field. The visitors were chalked with eight misplays while the locals had seven.

The Eagles came right back in their half and untied the count. Christopher singled to left and stole second. McCollister struck out. White was out Krommiga to Keck, Christopher going to third. Wheeler singled to left center scoring Christopher. Clark hit one a mile to left and Wheeler counted.

Both teams then went two rounds without counting. In the seventh round the visitors added one run. Hostetter first up, walked. Goldsmith beat out an infield hit sending Hostetter to third. Krommiga struck out. Williams hit to Wheeler and Goldsmith was stopped at second. Hostetter took third on the out. Clark pegged wild trying to catch Williams stealing and Hostetter scored. Denney was out Wheeler to McCollister. The Eagles made two in their half. Clark was safe at first on an error. Franz hit to Goldsmith who tossed to Williams getting Clark at second. Franz was safe at first and went to second when Keck threw wild to Krommiga in returning the ball. DeFrates struck out. Arisman singled past third scoring Franz. He went to second on the throw to the plate. Woodman was hit by a pitched ball and went moved up a peg with Arisman on a passed ball. At this stage Gossit hit his rise or something and tossed the ball down between third and short and before it it was recovered Arisman and Woodman had counted. Christopher singled but McCollister was out Krommiga to Keck.

Lincoln added one in the eighth.

Woodman Nailed Keck at the Plate. In addition to the errors of commission there also were errors of omission which were nearly as bad. Each team seemed to vie with the other at time in throwing the ball away. This made the game an uncertain quantity.

While the game was loosely played it was largely a pitchers' battle between White and Krommiga. We don't know where Krommiga got his name but he is so melpetche. He is tall and looks like one of those famous sycamores they talk about over on the Wabasa river. He has a smile like a full moon. Incidentally he had some delivery. He could get the ball over from any angle. White also pitched good ball for the Eagles. He was wilder than usual and walked five men. He whiffed nine while Krommiga made eight pound the air and walked two. Had the fielding been perfect the score would have been 2 to 0 in favor of the Eagles as they had the only earned runs in the game.

There was some good fielding features in the game among them was Woodman's throw to the plate in the fourth inning when he stopped Keck on Bunn's single, the third base play of DeFrates and the first base play of Keck for Lincoln.

Story of the Game. After blanking Lincoln the Eagles got a run without making a hit. Wheeler walked and Clark laid down a sacrifice. Krommiga fielded the ball and pegged wild to first and Wheeler to third and scored a moment later on a wild pitch. In the second inning it was one two, three for the visitors. The Eagles then repeated the dose of making a run without finding Krommiga for as safety. Woodman started the inning by fanning. Christopher was safe on Young's foot of his bounder. McCollister sacrificed him.

Christopher Misses Out. to second. He took third on Wheeler's grounder to Williams and scored on a wild pitch.

In the third with one down the visitors threatened to score when Krommiga straightened out one of White's slow ones for three bases. He died at the far corner when Williams struck out and Gossit fled to McCollister.

Lincoln got busy in her half of the fourth and with able assistance from the locals tied the score. Keck was first up and walked. Denney was out White to McCollister. Keck going to second. Bunn singled to center and Keck was nipped on the throw in. White intercepted the throw and threw the ball into center field trying to get Young at second. Bunn scored and Young reached third. Hostetter singled scoring Young. Goldsmith fanned for the third out.

McCollister Grabbed Everything at First.

With two down Hostetter beat out an infield hit. Goldsmith hit one to left. Christopher soared around like a man trying to dodge a bomb from a German arrigible and dropped the ball. Goldsmith came clear home on the miscue. Krommiga fouled to McCollister for third out.

Lincoln threw a scare into the locals in the ninth and came nearly tying the count. After Williams had fled to Woodman, Gossit walked. Keck followed with a double and Gossit scored. Denney hit a high one to right and Franz narrowly escaped getting hit on the head. The error put Keck on third. Bunn was out. Wheeler to McCollister and Keck counted. Denney who had reached second on Franz's error took third on Bunn's out. He died there when Young hit a line drive that Arisman grabbed for the third out.

MANY DISCUSSED SCHOOL QUESTION

(Continued from page four)

rather than a desire to benefit the schools. Further he said that he could not understand the eagerness with which the movement for the employment of health nurse was being pushed at this time in view of the action taken at the public health luncheon recently when a committee was named to frame a public ordinance. Dr. Clampt said that he was in favor of the employment of a health nurse to act under the direction of medical inspectors, whom the way could be devised for this to be done legally. He said that the first ward branch school had been closed temporarily if need be found it could be operated and that there was no desire to work any hardship upon the children of the first ward. The plan to close the branch school like the other action taken was purely an economy measure.

Referring to the consolidation of the duties of superintendent and principal of the high school he said this too was an economy matter and was in line with the plan followed in many cities. Since the high school building and the eighth grade building are so close together it had seemed to the board, he said, that there would be less friction and greater unity of action if one person was at the head of both. Dr. Clampt declared that he had the most kindly feeling for Miss White and that during his course as a board member he had frequently shown that friendship referring to the release of Mr. Stone the speaker said that the former principal was a fine man but that this change was also for economy's sake. The plan to have a supervisor of grade work he said gave promise of excellent results.

Dr. Clampt, changing his line of argument to comment, observed that he did not believe the best things could be accomplished in the school so long as a portion of the patrons fought the board and the superintendent. He explained that he had been an advocate of the general school law but that he did not believe in the plan of having one man introduce a bill in the legislature to kill the local charter without killing others of the same kind in the state. Peoria and Galesburg had charters just like that of Jacksonville, he said.

Later Andrew Russell corrected Dr. Clampt's statement with reference to other charters by saying that Supt. Blair and Mr. Thompson, attorney for the state department of education, were authority for saying that there is no other school charter in the state just like that of this city.

Mrs. U. G. Woodman laid emphasis on the thought that the signers of the petition had no wish to dictate to the board but had adopted this means of letting their wishes be known and of calling attention as emphatically as possible to their views. She said that she had always been known as a supporter of Mr. Collins and could not therefore be actuated by any personal feeling. Her particular anxiety was for little children in the first ward, living in the outskirts who would have so long a distance to travel to school if the branch building is taken permanently from the service. She mentioned that of the 1276 signers to the petition more than one-half are residents of the first ward.

Mr. Imgrund spoke in a vein which was frequently applauded by the audience of sympathizers in his position. He derided the idea that everything done had been wholly for economy and said that if that had been true that it would have been well to give Supt. Collins an increase of about \$100 instead of \$500. He suggested that he would be willing to give up his years salary as a board member to have the first ward branch opened again and that if all the members would do likewise that \$480 more could be saved for the board. He expressed himself as heartily in favor of employing a health nurse and that the action in removing Miss White from the eighth grade was a great mistake. He said that while in some other wards the distances from outlying districts to school might be just as great as in the first ward that to compel children to cross a railroad switch yard was very different from crossing a single track. He laid stress too upon the fact that there are some poor children in the first ward who are not clad very warmly for whom a long journey to school would mean a hardship.

Mr. Wells was the assent to know that he had no wish to be arbitrary in any matter and said that if so large a number of first ward residents were in earnest about having the branch school in operation that he would be very willing to reconsider and see if the funds available would not make it possible to have school there. He said too that he was heartily in favor of a public health nurse, that all he wanted was that she be paid in a way in accordance with the law. With reference to changing Miss White he felt that no injustice had been done her in any way as the position she is to have is of equal salary. He had great respect for Miss White as a teacher and a woman but had favored the change because he believed that it would be advisable to have one man connected with the work at the eighth grade.

Mr. Rogerson recounted briefly his connection with school affairs and said he had for some time been an "odd sheep" rather on the outside of the working circle of the board. He said that last year the appointments were made about June 15th because the members of the board working with Mr. Bayington would not meet until he was able to attend. The speaker did not think it was quite fair or courteous to him to do all that was done at the May meeting in his absence. Like Mr. Imgrund he said his sole information about the appointments and the changes

made came from reading the papers as he had never been consulted at all. Mr. Rogerson then read a financial statement showing that while the board is now without funds that the board \$92,000 has been disbursed during the year. He ended by making a motion that since there had been no audit of the books for two years that R. A. Gates be employed for such an audit and the report published. Mr. Rogerson thought the public entitled to such a report. There was some little discussion as to the exact wording of the motion and then all voted in favor of it.

A letter was read from Charles A. R. Stone asking the board to allow a bill of \$6.85 for some books. He had kept the money in his desk for one of the classes and it had been stolen. The matter was referred to a committee.

Dr. Clampt made a motion that Supt. Collins be requested to prepare a list of supplies that will be needed by the schools for the coming year and it was so ordered. Previously President Rodgers had stated that he was in favor of there being community buying of supplies for all of the schools, in order to effect all savings possible and the board members expressed themselves as heartily in accord with the plan.

Reports Approved.
Miss Agnes Rogerson's report of expenditures in the domestic science department was read showing that the work had been very economically conducted. Supt. Collins' report for the month was filed as was that of the city treasurer.

Before the board adjourned there was further discussion of action relative to the petition which had taken so large a part of the attention of the session and it was agreed that for this session the received and placed on file "would be the only order. Further consideration will be given at a later regular or special session and at the suggestion of Mr. Imgrund the ladies will be notified when any such meeting is to be held.

In the course of Mrs. Adams' remarks she mentioned that in Springfield Senator Smith had told her that he understood the Woman's club of Jacksonville was opposed to the general law and quoted Supt. Collins as the authority. Supt. Collins who took no part in the discussion last night stated after adjournment that Senator Smith must have misunderstood him. Mr. Collins said he made no such statement and that Dr. Clampt and Mr. Wells who were with him could bear witness to this fact.

PROTEST AGAINST PASSAGE OF HOME RULE UTILITY BILL

Action Taken by City Council on Bill Before Legislature—Side Walk Petition Discussed for South Mauvaisterre.

Among the most important action taken at the meeting of the city council Monday morning was the adoption of a resolution to be sent to the senator and representatives from this district protesting against the passage of the home rule utility bill unless it is made to apply to the whole state. The session of the council was quite brief and very few important matters required attention other than routine business.

A petition was read from property owners on South Mauvaisterre street asking for the construction of a sidewalk on the west side of that street south of Water street and it was referred to Commissioner Cox with power to act. The petition was signed by M. L. Armstrong, Fred C. Benson, J. H. Wells, Edward Brown, Joseph Estaque, John Kearns, J. C. Beckham and Owen Magill. There were no reports from departments other than a statement from Mayor Rodgers that the council would be glad to hear from property owners who desired sidewalks or pavements upon any streets. He said that where the majority of the property owners want such improvements that it is the wish of the council to use all possible speed in pushing such betterments.

Mayor Rodgers said he had received a special delivery letter from Springfield including a copy of the proposed law providing for home rule for the city of Chicago in utility matters. Accompanying the letter was a request for the city council to express their wishes in the matter. The mayor mentioned that when the present utility law was discussed in the legislature that there was at that time an effort made to exclude Chicago and there was opposition to this plan unless home rule was also given to all other cities. The mayor said that he believed in home rule at that time and that he had had no reason to change his position. Mr. Wilmayer said that he had looked over the law and he believed that if home rule was good for Chicago that it would also be a good thing for the other cities of the state. Commissioner Martin expressed himself along the same line, and then Commissioner Wilmayer, with a second by Commissioner Cox, made a motion that the mayor be instructed to draft a letter expressing the views of the council and forward copies thereof at once to the senator and representatives from this district.

STRICT ENFORCEMENT OF TRAFFIC ORDINANCE TO BEGIN

Commissioner Martin Announces That Law Violators Will be Prosecuted—Automobiles Especially are Warned.

Under instructions from Commissioner Martin it was announced yesterday by Chief of Police Davis that strict enforcement of the traffic ordinance is to begin at once. The order applies particularly to automobiles and not so much with reference to speed as to other provisions of the traffic ordinance which have been quite flagrantly violated.

The law requires that automobiles be equipped with tail lights and there are a great many violations of this section. Several minor accidents have been reported in instances where automobile owners have left their cars near the curb without any lights and at points where the dense shade made it almost impossible to see them and for horse drawn vehicles to avoid a collision. The special attention of drivers will also be brought to the section of the ordinance which provides that automobiles must not pass a street car which has come to a stop to take on or discharge passengers.

Auto drivers now frequently leave their cars in the street with the machinery in motion as they expect to return speedily, but this is contrary to the law. The traffic provision with reference to cut-outs is also frequently violated, and in general all the provisions of the ordinance are to be brought to the attention of automobilists and they will be given to understand that the law must be observed.

CROPS GREATLY DAMAGED BY HEAVY RAIN AND HAIL STORM

Farmers in Northwest Part of the County Suffer Damage to Growing Crops.

The heavy rain and hail storm early Monday morning did considerable damage in Morgan county. So far as this county was concerned, the territory damaged to any extent was limited to that portion west and north of Jacksonville.

While the windows in a great many farm houses were broken and some damage done to barns and various farm buildings, by far the greatest loss will be in wheat fields. It is believed that quite a large acreage has been badly damaged. In some fields where rain and wind mashed the wheat down, it is believed that sunshine and warm weather will so straighten it that there will be little trouble in using binders. In other fields where a large amount of hail fell the damage is much worse, as the heads of the wheat have been cut down or so shattered that there will be little in the fields at harvest time but the straw.

Charles B. Joy had one of the most severe losses, as he has a large field of wheat which was completely shattered by the hail and he is anticipating plowing up the field and planting it in some crop which still has a chance for maturing. It is possible that in such fields 90-day corn may be planted if there is sufficient dry weather in the next few weeks, and otherwise cowpeas, soy beans or some crop of that class could be planted, as the seedling time will extend clear up into July. In addition to losses in the field, Mr. Joy had considerable damage done to his home, and almost every window was broken.

At the home of Carl Martin, also in the Joy Prairie neighborhood, the wind and hail played havoc with the glass and Mr. and Mrs. Martin and their infant child have been compelled to go to the home of Mr. and Mrs. Charles Martin for a few days until repairs in their own home can be made. On the farm of Edmund Blackburn, six miles northwest of Jacksonville, a wooden silo erected about a year ago was blown to the ground.

Damage has been reported from a great many farms in the Joy Prairie, Chapin and Concord neighborhoods. In addition to damage to wheat, some fields of corn were badly cut by the falling hail and in still other fields the growing oat crop has been so cut that it offers small prospect of making a satisfactory showing at harvest time.

Charles Rowe just northwest of the city, reported much corn cut down and fruit badly damaged; wheat more or less prostrated.

Growing crops on the farm of R.

P. Joy residing in this city and land on Joy Prairie reported damaged heavily.

In the vicinity of Sinclair damage not severe; wheat somewhat down and oats injured but not seriously.

Different persons from the south half of the county report small damage to crops of all kinds.

Persons from the vicinity of Arenzville report small damage. One hardware house had an order for 400 panes of glass from the northwest part of the county.

Wabash railroad men reported the beginning of the storm near Naples and extending northeast.

At Austin Carter's farm northeast of the city, the wind uprooted fifteen apple and cherry trees. The hail broke two windows in the residence.

BIG ENROLLMENT AT COUNTY TEACHERS' INSTITUTE

Interesting Program Given on First Day of Meeting—List of Teachers in Attendance.

The annual Morgan county teachers' institute opened in the high school auditorium Monday morning at 9 o'clock. County Superintendent H. H. Vasoncellos reported that the enrollment was the largest that had ever been had at an institute and a number came in late in the day who have not yet enrolled. The day's program was an interesting one and much enthusiasm was shown by the teachers.

The program opened with devotional exercises. Dr. O. L. Warren gave an address, "Pushing Toward the King Row." Dr. Stanley L. Krebs made an address, "Happiness in School Life and Work." At the afternoon session Dr. Krebs gave his address, "The Cause of Worry" and Dr. Warren talked of "The Assignment of the Reading Lesson."
